Sixth Annual Price List

Issued by the

Montana Nursery Co.

Billings, Montana

To Customers Old and New and
to the Public,
Greeting

In presenting this, our latest price list, it gives us pleasure to say that we are now in better position than ever before to serve our customers. Our sales are increasing each year, as people are learning to know the good qualities of the stock we furnish and that we are dealing honestly by them, sending full value in stock for the money received. We thank our many customers for their past patronage and solicit their orders for the coming year's planting.

To those who have never purchased from us we would say: We will appreciate an order from you, even if it is only a small one; we will endeavor to satisfy you and retain you among our regular customers in the future.

*This world would be a fleeting show
If Montana Nursery trees didn't grow.*

Our location at Billings gives unequaled facilities for prompt shipments into all parts of Montana and adjoining territory.

Our grounds, comprising 158 acres of choice irrigated land, are located 1½ to 2 miles northeast from the business center, the nursery occupying the extreme west end of the Billings Bench; the soil and drainage conditions are peculiarly adapted to the growth of high-grade nursery stock of the hardy varieties required in Montana and adjoining states; our packing house and storage rooms are thoroughly modern and our facilities for making prompt shipments, with the minimum of exposure, are unexcelled.

Our stock is The Best. Our prices are reasonable. We guarantee satisfaction. Our customers and the public are cordially invited to visit and inspect our nurseries.

OUR GUARANTEE

We warrant all stock to be in good condition, sound and healthy, when delivered.

We exercise the greatest care to keep our varieties true to name, and hold ourselves in readiness at all times to replace, on proper proof, all stock that may prove otherwise; but we shall not at any time be liable for any amount greater than the original price of the goods. We cannot accept orders on any other terms.

AGENTS—We have been employing traveling salesmen for many years. We believe in agents. We believe all our salesmen to be honorable men and commend them to the public, asking to be notified of any attempt at misrepresentation or overcharge, which we strictly forbid.

Prices herein are for Strictly First-Class Goods, securely packed for shipment, F. O. B. BILLINGS, and in the case of orders given to our authorized agents these prices cover freight charges to the delivery point named in the order.

Montana Nursery Stock Grows

Roses

Our Roses are strong plants, grown out of doors, well rooted, hardy and first-class. Every plant has blossomed before it is sent to the customer, and hence it is far more valuable than plants sent out by mail at cheap prices, and which are mere tender shoots started in a greenhouse. Except where budding will make a stronger plant, our roses are grown on their own roots.

Hybrid Perpetual Roses.
